### About AJEAT

Asian Journal of Engineering and Applied Technology is a peer-reviewed International research journal aiming at promoting and publishing original high quality research in all disciplines of engineering and applied technology. All research articles submitted to AJEAT should be original in nature, never previously published in any journal or presented in a conference or undergoing such process across the world. All the submissions will be peer-reviewed by the panel of experts associated with particular field. Submitted papers should meet the internationally accepted criteria and manuscripts should follow the style of the journal for the purpose of both reviewing and editing.

AJEAT is covering all aspects of Engineering and Applied Technology areas. Topics include, but are not limited to:

Aerospace engineering	Industrial engineering
Agricultural engineering	Metallurgical engineering
Architectural engineering	Ceramic engineering
Bioengineering and biomedical engineering	Materials science
Chemical engineering	Metallurgy
Civil engineering	Mechanical engineering
Computer engineering	Nuclear engineering
Computer science and information science	Petroleum engineering
Electrical engineering and electronics engineering	Plastics engineering and polymer science
Environmental engineering	Textile & Fashion Technology
