[Inteletex - Texas Tech University encourages next generation of nonwovens research](#)

The Institute of Environmental and Human Health (TIEHH) at Texas Tech University has invited high school students to get involved with its cotton nonwovens research.

Kahan Chavda, a senior from St Mark's School of Texas in Dallas; Aarav Chavda, a junior from St Mark's School of Texas; Ronald Kendall Jr, a senior from Lubbock Coronado High School; and Luke Kitten, a senior from Lubbock Trinity High School, participated in the research.
